

# 2019 Updates & Announcements

## JOURNAL OF THE PHYSICAL SOCIETY OF JAPAN | Available in 2019

As of January 2019, the *Journal of the Physical Society of Japan* (JPSJ) will be available through AIP Publishing. JPSJ is a flagship journal of The Physical Society of Japan (JPS) and has been publishing important research results in all fields of physics, from condensed matter physics to particle physics, since 1946.

## MATTER AND RADIATION AT EXTREMES | Available in 2019

Joining AIP Publishing's Open Access portfolio, *Matter and Radiation at Extremes* (MRE) is a peer-reviewed journal that is published on behalf of the China Academy of Engineering Physics (CAEP). MRE is committed to the publication of original and impactful research and review papers in all areas of experimental and theoretical physics on matter and radiation at extremes. Covered topics include:

- Fundamental physics at extremes
- Magnetic driven fusion
- Pulsed power technology and high power electromagnetics
- Laser and particle beam fusion
- High pressure physics and materials science

## AVS Quantum Science | Available October 2019

Building upon our partnership with The American Vacuum Society (AVS), we have come together to launch, *AVS Quantum Science* in October 2019. This new online interdisciplinary journal focuses on the study of measurement, from the smallest possible value of physical property to largest value, holding a connection between the sub-atomic, atomic, and nanoscale research.

## APPLIED PHYSICS REVIEWS | Now accepting original research

APR is accepting submissions on important and novel studies of high quality and general interest to the applied physics community. The first research articles will publish in Sept/Oct 2019 and authors will have a unique opportunity to publish their work in an established, cutting edge journal.

## COMPUTING IN SCIENCE & ENGINEERING | Transitioning to IEEE in 2019

AIP Publishing will no longer co-publish *Computing in Science & Engineering* (CiSE) as of 2019. CiSE will be exclusively available from the [IEEE Computer Society](#). To ensure your users have uninterrupted access in 2019, contact the IEEE Computer Society at:

# 2019 Updates & Announcements

## AIP Complete

**AIP Complete** will include two new titles in 2019: *Journal of the Physical Society of Japan (JPSJ)* (new to the AIP portfolio – see above) and *Journal of Rheology* (previously available separately). Your Sales Manager can provide further details about making sure you have access to the full AIP Complete suite of 26 subscription publications.

**Purchasing options available:**

- Frontfile + Backfile
- Frontfile + Backfile + Print\* (where available)

## AIP | Digital Archives

The **AIP Digital Archives** has been upgraded to include archival access to 20 publications from AIP Publishing (from Volume 1, Issue 1 through 1998).

**The package now includes:**

*American Journal of Physics* | *The Journal of the Acoustical Society of America* | *Journal of Laser Applications* | *The Journal of Rheology* | *JVST A: Vacuum, Surfaces and Films* | *JVST B: Nanotechnology and Microelectronics* | *Physics Today* | *Surface Science Spectra* | *The Physics Teacher*

**Already have the AIP Digital Archives?** Round out your package and secure long-term access for your users:

## INDIVIDUAL TITLE PURCHASE OPTIONS

### For Publishing Partner Journals

Starting in the New Year, customers now have 3 online options when subscribing to the following **Publishing Partner journals**: *Journal of the Acoustical Society of America*; *American Journal of Physics*; *Journal of Laser Applications*; *The Physics Teacher* and *Journal of Rheology*.

**Access options include:**

- Frontfile (1999 - Current)
- Frontfile + Leased Backfile (Volume 1 Issue 1 - Current)
- Frontfile + Purchased Backfile (Volume 1 Issue 1 - Current)

**These are in addition to the print subscription packages outlined below:**

- Frontfile + Print (1999 – Current; print issues)
- Frontfile + Backfile + Print (Volume 1 Issue 1 – Current; print issues)

**Talk with your [Sales Manager](#) about which option best suits your needs.**
