Your Gateway to the Physical Sciences

Benefits:

- 24/7 online access to subscribed and OA publications
- Fully searchable platform with the capability to save searches
- Mobile-optimized - for easy reading when on-the-go
- Commenting and one-click social media sharing
- Account management - a seamless, efficient experience on scitation.org
- Customer awareness - customizable support to ensure your users know what they can access
- Usage stats - COUNTER compliant statistics
- Remote access - ensure your users can access content from anywhere, anytime

Access Options:

AIP Complete (librarians.aip.org/complete)
Offers your research community access to highly-cited, peer-reviewed publications including all subscription-based journals from AIP Publishing, plus Physics Today, AIP Conference Proceedings, and our publishing partner journals. Now including access to Journal of Rheology and the Journal of the Physical Society of Japan, the collection offers access to:

- 26 highly-rated publications
- 885k+ articles (including extended backfiles)
- Ground-breaking Nobel Prize winning content

AVS Bundled Package
Including online access to four publications covering thin films, MEMS & NEMS, interfaces and surface science, back to 1964.

- Biointerphases
- JVST A: Vacuum, Surfaces, and Films
- JVST B: Nanotechnology and Microelectronics
- Surface Science Spectra

Fluids & Plasma Research Package
Online access to three highly regarded publications covering fluid and plasma research back to 1929, including:

- Physics of Fluids
- Journal of Plasma Physics

AVS Archives
Unlimited access to nearly 18,000 articles published from 1964 through 1998.

AIP Digital Archives (librarians.aip.org/digitalarchives)
A vital foundational resource that covers nearly 70 yrs of scientific advancements and discoveries. Dating back to 1930, this essential collection provides access to groundbreaking moments in history that still drive research and discovery in the physical sciences. The AIP Digital Archives offers access to more than 403k+ articles across the Scitation platform from 20 publications, including:

- American Journal of Physics
- Applied Physics Letters
- Chaos
- Journal of Chemical Physics
- Journal of Applied Physics
- Journal of the Acoustical Society of America
- Journal of Laser Applications
- Journal of Mathematical Physics
- Journal of Physical and Chemical Reference Data
- Journal of Rheology
- JST: A: Vacuum, Surfaces, and Films
- JST: B: Nanotechnology and Nanoelectronics
- Low Temperature Physics
- Physics of Fluids
- Physics of Plasmas
- Physics Today
- Review of Scientific Instruments
- Surface Science Spectra
- The Physics Teacher

Physics Today Digital Archive
Offering 70 years of fascinating features from AIP’s flagship magazine, Physics Today. From the inaugural issue in 1948 through 1998.
